Pack of 3 excursions on Majorca

From the Cúber reservoir to Sóller

We start at the plane of Cúber, a large valley surrounded by high mountains and the foundations of a Muslim farmhouse submerged by the reservoir water. We will continue our journey along the track and finally descend to Biniaraix on the 1,932 steps along on the Biniaraix canyon.

Duration: 4h 30'
Level: Medium

Difference in height: 150m uphill
850m downhill

Camí de l'arxiduc

One of the most spectacular routes Mallorca, its name comes from Archduke Louis Salvador from Austria, great lover of Mallorca, who built this way in order to enjoy and observe the area of the Serra de Tramuntana mountains ... The viewpoints we find on this route are magnificent balconies overlooking the north shore and all peaks near Valldemossa.
